WHO THE RESOURCES IS FOR

This resource pack is intended for Early Years Services to support meaningful involvement in the 16 Days of Activism.

Your leadership and commitment to promoting gender equality and respectful relationships is essential in our collective effort in East Gippsland to create a safer and more equitable world. Being part of the solution is everyone's responsibility.

This resource pack can be used to reflect and generate conversations about what gender equality and respect looks like in your service, and to inspire change, building on wherever you are on your journey with respectful relationships within your service.

16 DAYS OF ACTIVISM AGAINST GENDER BASED VIOLENCE

ABOUT THE 16 DAYS OF ACTIVISM

The 16 Days of Activism against Gender-Based Violence was started by activists at the inauguration of the Women's Global Leadership Institute in 1991. Three decades on, the 16 Days of Activism against Gender-Based Violence is a widely recognised global campaign that encourages action to end gender-based violence. During the 16 Days, organisations and individuals around the world raise awareness that men's violence against women is a fundamental violation of human rights.

KEY DATES

16 days of Activism commences on 25th November and concludes on the 10th December

- 25 November: International Day for the Elimination of Violence Against Women
- 3 December: International Day of People with Disabilities
- 10 December: International Human Rights Day

HOW YOU CAN GET INVOLVED

On the following pages you will find ideas of meaningful ways that you can take action during the 16 days:

- Leadership Commitment
- Support for Staff and Families
- Professional Development
- Culture and Environment
- Teaching and Learning
- Community Partnerships

The resource pack has been aligned with Department of Education and Training's Respectful Relationships Whole of School Approach, the Victorian Early Years Learning and Development Framework and the Early Years Learning Framework for Australia.

You can use the 16 days to

- Commit to action and engage your school community
- Assess where you are at on your journey of respectful relationships and gender equality
- Plan and/or implement actions
- Evaluate and monitor your progress
- Review and reflect on progress

ACTION IDEAS FOR 16 DAYS OF ACTIVISM

Leadership & Commitment

-  **Commit to taking a 'whole of service' approach to Respectful Relationships to promote respect and equality** – service culture and learning, professional development, teaching and learning and community partnerships.
-  **Communicate with staff and families about your services commitment to promoting gender equality.** This is a continual process and it is important to keep others up-to-date on priority actions and progress being made.
-  **Develop or Review your Statement of Commitment (SoC) to Respectful Relationships/Policy**
This is a statement/policy that articulates how your service will create a physical and social environment that fosters gender equality and positive relationships between children, staff, families and community.

Template Gender Equity Policy for Early Years Services

a template of potential sections and information that could be included in a gender equity policy for your early years centre or service. The format of current gender equity policies range from documents that read like a position statement through to comprehensive policy and procedure outlines. The information can be used to guide the development of a document that is relevant for your centre. The development of a gender equity policy should align with the structure of your other organisational policies.

Culture & Environment

Gender Equity Assessment Tool

This tool can be used by early years providers who work in an early years setting or children's hub. The assessment questions are designed to provide an overview of a centre.

Spaces, Toys and Play

Children's use of space and play environments will often differ based on gender. It's important to be aware of and think about who is using what spaces within the centre, and how are they using them.

Reflective questions

Does your service provide a range of dress ups and toys to allow children to explore different roles or different stories?

Do you read books that open up the possibilities about what girls and boys can be or do?

Does your practice reflect on how spaces, language, toys and play might contribute to gender inequity?

Support for Staff & Students

To ensure the safety and wellbeing of staff and children, it is essential to understand the prevalence of family violence and the high likelihood that staff and families may experience or witness it.

While the focus of Respectful Relationships is on primary prevention, it is imperative that staff members feel supported and confident in their ability to:

- Meet their legislative responsibilities to report child abuse
- Meet their duty of care to support students experiencing abuse
- Create a safe work and learning environment
- Find appropriate referral pathways and further support
